DR. SPENCER'S VEGETABLE PILLS

A PUBLIC BLESSING.

These Pills have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

They are particularly recommended to all those persons who are afflicted with any kind of a chronic or lingering complaint, as there is no medicine before the public which has so natural and happy effect upon the system in correcting the stomach and liver, and to the formation of healthy chyle and thereby purifying the blood.

They are acknowledged by the hundreds and thousands who are using them, to be not only the most perfectly innocent, safe and efficient medicine ever offered to the public. Those who once make a trial of these Pills, never afterward feel willing to be without them, and call again and again for more; which is sufficient proof of their good qualities.

HEADACHE—SICK OR NERVOUS.

Those who have suffered and are weary of suffering with this distressing complaint, will find Spencer's Vegetable Pills a remedy at once certain and immediate in its effects. One single dose of the Pills taken soon as the headache is felt coming on, will cure it in one half hour entirely.

As a remedy in summer and bowel complaints, they display their wonderful powers to admiration, and are far superior to any thing in use for these complaints.

In Habitual Constipation, they are decidedly superior to any Vegetable Pill ever brought before the public and one 25 cent box will establish their surprising virtues, and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypochondriacal affections, loss of appetite, and all complaints to which females alone are subject.

They are mild in their action, and convey almost immediate conviction of their utility from the first dose. They may be taken by persons of any age; and the feeblest infirm, the nervous and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health.

Upwards of hundred and seventy thousand boxes of these inestimable Pills have been sold within the last twelve months in three States alone, and more than three times the same quantity in other States.

As an anti-bilious medicine, no family should be without them. A single trial of them is more satisfactory than a thousand certificates.

Price, twenty-five cents per box. For sale at the Drug Store of

E. D. WARD.

Canton, Miss., Aug. 25, 1843.

DR. HULL'S VEGETABLE FEVER AND AGUE AND ANTI FEVER PILLS.

A certain and effectual Cure for Ague and Fever; also used successfully in the treatment of Billious Fever, Nausea, General Debility, and Nervous Weakness.

The most flattering recommendations of this Medicine have been received from many eminent Physicians and others who have used it. And it is presumed that no medicine has ever been used whose action has been more beneficial, pleasant and invigorating, and called forth from afflicted sufferers such expressions of heartfelt gratitude and thankfulness. Persons taking the Pills, soon find themselves relieved—Chill broken! Fever gone! Stomach and head free and healthy! Strength and appetite increasing and improving, and all nervous weakness fled.

When taken according to the directions accompanying them, they never fail to cure the Chill and Fever the first day, and never sicken the stomach or operate upon the bowels.

Their action upon the whole system is so enervating, that persons are invariably surprised and pleased with their rapid and complete restoration to health.

The Pills are purely and solely Vegetable and the happy combination of the ingredients and their proportions are such as to produce a medicine which never fails to relieve when relief is at all attainable.

THE SPECTATOR.

The subscriber will continue to publish, at Washington, D. C. the SPECTATOR of true Democratic principles, and will adopt for its motto the words of the Hon. JOHN C. CALHOUN—"Free Trade; Low Duties; No Debt; Separation from Bank; Economy, Retrenchment, and strict adherence to the Constitution," and will bear aloft his truly Democratic Banner. It will also strongly advocate the limitation of the tenure of the Presidential office to one term—not only in justice to the distinguished public men of the nation, but as more consonant to the genius of our Republican institutions, and more conducive to a faithful and independent administration of the Government.

As the most direct and effective mode of securing the permanent ascendancy of these cardinal principles, the SPECTATOR will zealously urge upon the country the claims of the distinguished Southern Statesman for the Presidency. In doing this, it will not be unmindful of the integrity and safety of the Republican Party, and will manifest a proper regard for the pretensions of the prominent individuals who have been named for this high trust, and are identified with the advancement of these principles. The SPECTATOR will be edited by one of the ablest and most experienced political writers of the day.
